

She's no stranger to being
out front.

So give her retirement savings
a 5% headstart.

Product Specifications

Contract Description	Index, single-premium, deferred annuity with premium bonus and market value adjustment (MVA)																									
Issue Ages	Owner and annuitant, nonqualified and qualified: 0 – 80																									
Premium	Minimum: \$15,000 nonqualified & qualified. Maximum: \$1 million w/out home office approval (age 75+, up to \$500,000)																									
Premium Bonus	5%																									
Account Options	<p>A variety of interest-crediting methodologies bring flexibility, strength and diversity. See riders for full details.</p> <ul style="list-style-type: none"> • Global Multiple Index AccountSM with Cap: Annual point-to-point methodology using changes in three global indices: S&P 500[®] Index¹, the Dow Jones EURO STOXX 50[®] Index (EURO STOXX)² and the Nikkei 225SM index³ (NikkeiSM) up to a Cap. The Cap will be declared when the contract is issued and then again on every anniversary. Annual credited interest is determined by adding the following three values⁴ together and then comparing the sum to the Cap: <ul style="list-style-type: none"> 50% of the calculated change in the index with the highest return during the year. 30% of the calculated change in the index with the 2nd highest return during the year. 20% of the calculated change in the index with the lowest return during the year. Interest is credited annually on the contract anniversary and will never be less than zero percent. • Annual Point-to-Point Account with Participation Rate: Annual credited interest is based on the percentage calculated change in the S&P 500 Index over a contract year multiplied by a declared Participation Rate. Participation Rate is declared when the contract is issued and then again on every anniversary. While we have no intention of doing so, we reserve the right to add an index cap or spread if conditions warrant. Interest is credited annually on the contract anniversary and will never be less than zero percent. • Monthly Additive Account with Cap: Annual credited interest will equal the sum of 12 monthly point-to-point S&P 500 Index value change percentages, with each month's positive percentage subject to the declared Cap. The Cap will be declared when the contract is issued and then again on every anniversary. Interest is credited annually on the contract anniversary and will never be less than zero percent. • Fixed Interest Account: The crediting rate for the next year is declared and guaranteed annually at the contract anniversary. All declared rates are guaranteed to be at least two percent. Annual reallocations can be made into or out of the Fixed Interest Account. Fixed Interest is credited to the contract on a daily basis. Guarantees are subject to the claims-paying ability of the issuing company. 																									
Guaranteed Minimum Withdrawal Benefit (GMWB)	<p>Through GMWB, clients maintain control of their account value, and can also have a guaranteed income stream.⁵ There is no up-front charge for this rider, and it is included in all contracts. GMWB payments are based upon attained age and annuity value, may begin after 1st contract year, and are recalculated each year. And, even if the calculation results in a lower number due to a decrease in your annuity value, we guarantee that GMWB will never decrease from year to year as long as no excess withdrawals have been taken. Payments can increase each year due to attained age reaching a higher income percentage bracket⁶ as well as due to an increased annuity value.⁷ Keep in mind, like all withdrawals, GMWB payments decrease annuity values.</p> <table border="1"> <thead> <tr> <th rowspan="3">INCOME PERCENTAGE TABLE</th> <th>Attained Age*</th> <th>55 – 59</th> <th>60 – 64</th> <th>65 – 69</th> <th>70 – 74</th> <th>75 – 79</th> <th>80 – 84</th> <th>85+</th> </tr> </thead> <tbody> <tr> <td>Single Owner Percent</td> <td>4.5%</td> <td>5.0%</td> <td>5.5%</td> <td>6.0%</td> <td>6.5%</td> <td>7.0%</td> <td>7.5%</td> </tr> <tr> <td>Joint Owner Percent</td> <td>3.5%</td> <td>4.0%</td> <td>4.5%</td> <td>5.0%</td> <td>5.5%</td> <td>6.0%</td> <td>6.5%</td> </tr> </tbody> </table> <p>* For Joint Owners, average the two ages</p> <p>When GMWB payments begin, the client's Index Caps, Participation Rate, and Fixed Interest rate may each have a Rate Differential applied to it; Maximum Rate Differentials: 4% on Participation Rate, 0.4% on monthly additive Cap, 1% on Annual Cap, 0.4% on Fixed Interest Credited Rate. Once set, Rate Differentials will not change during the life of the contract. Example of Rate Differential: if an Index Cap is 7% and the Rate Differential is 25bp, then the client receiving GMWB payments would have an Index Cap of 6.75% (7.00% – 0.25%).</p>	INCOME PERCENTAGE TABLE	Attained Age*	55 – 59	60 – 64	65 – 69	70 – 74	75 – 79	80 – 84	85+	Single Owner Percent	4.5%	5.0%	5.5%	6.0%	6.5%	7.0%	7.5%	Joint Owner Percent	3.5%	4.0%	4.5%	5.0%	5.5%	6.0%	6.5%
INCOME PERCENTAGE TABLE	Attained Age*		55 – 59	60 – 64	65 – 69	70 – 74	75 – 79	80 – 84	85+																	
	Single Owner Percent		4.5%	5.0%	5.5%	6.0%	6.5%	7.0%	7.5%																	
	Joint Owner Percent	3.5%	4.0%	4.5%	5.0%	5.5%	6.0%	6.5%																		
Annual Statement	Combination annual statements and reallocation notices are mailed following each contract anniversary and outline the relative distribution of the account value in all Account Options, including that year's interest growth, as of the contract anniversary. It will also include information for the next contract year (the Caps and/or Participation Rate for the various Account Options and the interest-crediting rate for the Fixed Interest Account) as well as available GMWB payment and Rate Differentials.																									

Product Specifications (cont'd)

<p>Annual Reallocation</p>	<p>Account values can be reallocated as of each contract anniversary among all available Account Options. Withdrawal charges and MVAs are not applied on reallocations. If your client would like to designate new allocation percentages for the available Account Options for the next contract year, they will need to complete and return the reallocation form (received with annual statement) to the home office within 45 days following the contract anniversary. If your client chooses to keep the same allocations, no response is required.</p>																						
<p>Death Benefit</p>	<p>Upon the death of the owner (or first owner, if there are two owners), if the annuity value is greater than zero, the beneficiary will receive the annuity value (withdrawal charges and MVA are not applied at death). Beneficiary chooses to receive a single sum or an income plan. If the owner's sole beneficiary is the spouse, the surviving spouse may continue the contract as long as the contract has not been annuitized.</p>																						
<p>Free Withdrawal Provision</p>	<p>In all contract years, up to 10% of the annuity value, as of the previous contract anniversary (10% of the initial premium in the first contract year), may be withdrawn without a withdrawal charge or MVA.⁵ These free withdrawals may be taken out as a one-time withdrawal, as part of a series of systematic withdrawals, or a combination of the two. GMWB payments are considered partial withdrawals; however, they are not subject to withdrawal charges or MVA as long as no excess withdrawals are made in that year.</p>																						
<p>Minimum Withdrawals</p>	<p>After a partial or systematic withdrawal, the minimum remaining annuity value must be no less than \$5,000. The minimum partial withdrawal is \$250 with no minimum remaining value requirement in each Account Option. Exception: Minimums do not apply when receiving GMWB payments. The minimum systematic withdrawal is \$50 and may come from any combination of Account Options. Interest-only systematic withdrawals must be based on the value in the Fixed Interest Account. Systematic withdrawals may begin as soon as 30 days after the contract issue date; payments may be monthly, quarterly, semiannual or annual.</p>																						
<p>Required Minimum Distribution (RMD)</p>	<p>Pertains only to qualified (pre-tax) contracts: No withdrawal charge on RMDs pertaining to this contract; however, the RMD payments will count against the Free Withdrawal Provision in a given year.⁵</p>																						
<p>Withdrawal Charges</p>	<p>Withdrawal charges are based on a percentage of the annuity value (before application of the MVA) that exceeds the Free Withdrawal Provision. If your client surrenders their contract during the first four contract years, it is possible they may receive less than their premium.</p> <table border="1" data-bbox="402 1213 1430 1289"> <thead> <tr> <th>Year</th> <th>1</th> <th>2</th> <th>3</th> <th>4</th> <th>5</th> <th>6</th> <th>7</th> <th>8</th> <th>9</th> <th>10</th> </tr> </thead> <tbody> <tr> <td>Percent</td> <td>10%</td> <td>10%</td> <td>10%</td> <td>10%</td> <td>10%</td> <td>9%</td> <td>8%</td> <td>7%</td> <td>6%</td> <td>4%</td> </tr> </tbody> </table> <p>Withdrawal charges are reduced in some states; see the annuity contract for details.</p>	Year	1	2	3	4	5	6	7	8	9	10	Percent	10%	10%	10%	10%	10%	9%	8%	7%	6%	4%
Year	1	2	3	4	5	6	7	8	9	10													
Percent	10%	10%	10%	10%	10%	9%	8%	7%	6%	4%													
<p>MVA</p>	<p>The MVA may increase or decrease the withdrawal value when more than the amount available through the Free Withdrawal Provision is withdrawn in a contract year (unless the withdrawal is for an RMD) during the first ten contract years. The amount of the MVA is determined by a mathematical formula included in the contract and reflects changes in the interest rate market since the contract's issue date.</p>																						
<p>Guaranteed Minimum Withdrawal Value</p>	<p>Equal to 100% of premium, less prior withdrawals, accumulated at 3% and reduced by withdrawal charges</p>																						
<p>Income Plan Options</p>	<p>For the client who prefers a higher guaranteed income payment in lieu of retaining liquidity (available with GMWB): Client can turn the annuity value into a steady stream of income following the fifth contract year. Prior to the fifth contract anniversary, the withdrawal value (annuity value with withdrawal charge and MVA applied) can be converted into an income plan. Income plan options include life contingency options and certain period options. See the contract regarding annuitization for details. State variations may apply.</p>																						
<p>Extended Care Rider</p>	<p>Waives withdrawal charges and MVA on withdrawals or surrenders if:</p> <ul style="list-style-type: none"> • Care begins at least one year after the date of issue of the contract • Care is provided by a qualified institution for at least 90 consecutive days • The owner is less than age 86 <p>Included at no additional cost. See rider for full details.</p>																						
<p>Contract Issue Dates</p>	<p>Contracts are issued on the 5th, 12th, 20th and 28th of each month</p>

In addition, the Index Sponsor gives no assurance regarding any modification or change in any methodology used in calculating the Index and is under no obligation to continue the calculation, publication and dissemination of the Index.

⁴ The weighting percentages are set for the life of the contract on the contract effective date. The company reserves the right to change the percentages for new business. The sum of the three percentages will always be at least 30%.

⁵ Withdrawals may be subject to federal and/or state income taxes. A 10% federal penalty tax may apply if withdrawals or surrender occurs before 59 ½. Consult a tax advisor regarding specific situations.

⁶ Once the Income Percentage table is set for an in-force contract, it will not be changed. The company reserves the right to change the Income Percentage table for future business; the guaranteed minimum Income Percentage is 1% for both single and joint owner contracts.

⁷ Annuity value can increase due to interest earned.

Annuities issued by:

American General Life Insurance Company

A member company of American International Group, Inc. (AIG)

These product specifications are not intended to be all-inclusive of product information. State variations may apply. Please refer to the reference material on the AIG American General web site or the contract for complete details. This contract is not insured by the FDIC, the Federal Reserve Board or any similar agency. The contract is not a deposit or other obligation of, nor is it guaranteed or endorsed by any bank or depository institution. Do not state or imply that the purchase of this annuity is like an investment or a means of participating in "securities," "markets," "stocks," "stock market index" or "S&P 500 Index."
